

456th FIS Newsletter # 5 March 26, 2003

Dear Fellow 456th FIS Alumni & Friends,
It's time to collect reunion dinner deposits and give you more details on the reunion.

Reunion Dinner Deposits Due by April 30, 2003

Enclosed is a Dinner Menu Selection form. Please fill it out, attach your check and mail it to Bruce Gookin at the address on the form. All former 456ers who submit their deposits during April will receive a **free 456th FIS Luther Lapel Pin** when they check in at the Reunion Dinner.

Reunion Agenda

Just as we did in 2001, we have planned this reunion to minimize your out of pocket cost. We have purposely arranged only 4 week end events to allow attendees more time to meet in smaller groups with close personal friends. We selected a non-holiday weekend to allow long distance travelers to get less expensive travel and accommodation rates and to avoid holiday crowds. Many of our attendees are local California residents who work full time and will be driving to Merced for the weekend.

We currently have 147 confirmed attendees including alumni and spouses/guests and expect this will increase to about 160. Within this group size we have 16 Special Guests to honor with a free dinner for all the help they have given us in setting up the reunion and acquiring the F-106 for display at the Museum. Each dinner deposit includes a couple of bucks toward this recognition.

Here's the agenda for the Reunion Weekend:

Thursday May 29, 2003

F-106 to be painted in mid-April

Bruce Gookin, Pat Perry and John Marcotte got to see the F-106 in the CAM restoration hangar in late February and meet most of the members of the restoration team. The team has done an excellent job reassembling the aircraft and removing the drone systems that convert it back to F-106A configuration. They have also prepared it for painting in mid-April when the weather improves. We also met with members of the CAM Staff to plan the Dedication Day Ceremony.

456th FIS & F-106 Gift Items

Bruce, Pat. Arnie and Bob continue to work on procurement of 456th & F-106 gift items to be made available through the CAM gift shop at the reunion. Luther Lapel pins and 456th ball caps have been selling very well. And our photographer, Sam Brandt, will make pictures of the F-106 after painting for imprint on T-shirts, posters, mugs, pictures and other gift items. For those who can't attend the reunion, Bob Justus will also make it possible to order gift items on the 456th web site.

Here's a re-copy of the Motel update we sent out a few weeks ago:
