Subject: status of 456th reunion surveys and our web site is back up! wave 7

Hey fellow 456ers,

Good News:

1. Bob Justus has resurrected our web site after a total meltdown! Thanks Bob!

Go to <http://www.456fis.org/> Watch the web site for more info on the reunion.

2. Ken Bell former 456er and author of "100 Missions North" will be our speaker at the 2005 reunion. I just finished reading his book and it's a real "page turner". It can be purchased at

<http://www.brasseysinc.com/Books/BookDetail.aspx?productID=68222>

Ken is currently recovering from a motorcycle accident and wife Rosemary says they'll be with us at Dayton. Please keep them both in your prayers.

3. Castle Air Museum (CAM) personnel are ready to go pick up the next addition to the 456th Collection and the Century Series Fighters, a F-102A. The restoration guys are working on the F-100 and have it reassembled and on its wheels. CAM only needs \$1,500 more bucks from us for the F-102A so we can put the 456th Luther decal on the tail.

4. Jim Gier who built our 456th Clock for CAM is building one for the Yankee Air Museum which experienced a tragic fire recently. See <http://www.yankeeairmuseum.org> or attached picture. Please consider a donation to their rebuilding fund.

5. Our pals at Pacific Coast Air Museum unveiled their new F-106 display. See it at

http://www.af.mil/news/story_print.asp?storyID=123008961

6. The new Revell 1/48 scale F-106 has been released and carries 456th FIS markings on the box cover and decal set! CAM has ordered kits and will have them on their web site soon. See them on the Revell-Monogram site at <http://www.revell-monogram.com/store/ModelDetail.cfm?Id=691>

7. We have finally located General Kenneth Taylor, the first Commander of the 456th FIS in 45-46. He may not be able to attend our reunion for health reasons. He and his son have supplied some pictures and a bio for the web site. Go to <http://www.456fis.org/History.htm> and see what we have on him so far.

8. Sad News: Stephen Ery (Avionics Shop) Of Aurora, CO died in August 2004. He had been on chemo therapy since 1985.

I have received reunion surveys or emails from 113 of 295 former 456ers. 48 are attending (96 including spouses and guests). 48 can't make it and 17 said maybe. See the names below.

If you don't see a Y, N or M beside your name, I haven't heard from you yet so please reply by email or US mail (form attached).

Thanks,

Pat Perry
